The Visionary Eye

Creating the Future Style of Manufacturing

10 reasons that will determine your choice!

- 1** No need to surface spray shiny or dark samples
- 2** Inaccuracies due to sprayed layer are eliminated
- 3** No time lost cleaning spray off samples or samples wasted through the use of spray
- 4** Scans can be taken under normal ambient lighting conditions
- 5** Guaranteed traceable accuracy based on VDI/VDE 2634, Part 2 test method
- 6** Two lenses included to adapt to different sample sizes
- 7** Auto-Focus and Auto Exposure mode for maximum ease of use
- 8** Scan preview mode to improve productivity and efficiency
- 9** Fast & simple User calibration for optimum ease of use and confidence
- 10** Built-in controller and compact design for best manoeuvrability
